

## CURRICULUM FEATURES

### Active Learning

Highly engaging pedagogies inspire students to a higher level of learning. Student-centred approaches through play, experiential and technology-based learning, ensure a purposeful yet fun learning environment.

### Balanced Curriculum

A religious curriculum that complements the IGCSE and other elective modules that shape the learner to be multi-disciplinary in outlook at the same time developing a capacity to appreciate and embrace cross-cultural diversity.

### Character Development

A philosophy of education that aims to develop students to be servants to Humanity which demands nothing less than an authentic service-learning programme reinforced by a faculty team who are excellent role-models.

### Holistic Education

With a mission of developing the whole child and recognising the different intrinsic intelligences of each individual, the learning process targets the child's physical, cognitive, emotional, and social development through the academics, sports and aesthetics engagements.

### 21st Century Skills

The acquisition of a comprehensive set of skills and habits relevant and critical to the Information Age that go beyond just digital literacy but encompassing critical thinking, problem-solving and global awareness.

## ABOUT US

Khalifah Fil Ard. That's the mission that Brightway has set itself to develop. It's a mission that it take seriously. It's a mission that compels Brightway to partner the renown Irsyad from Singapore to achieve this educational excellence.

Al-Irsyad ia a leading educational institution in Singapore that has inspired its own brand of model school in the region. Projected as the future of Islamic education in an international journal, it offers the educational excellence of the renowned Singapore model.

We in Brightway International School share the common vision with Al-Irsyad Singapore to develop top calibre future leaders who will continue the legacy of serving humanity

## Exciting Co-curriculum

### The BIS Model

#### International Curriculum

BIS adopts the Cambridge IGCSE international curriculum with subjects like Enterprise and Global Perspective to develop world-ready individuals.

#### Global Experience

Exchange programs with premier school in the region will provide students with a global outlook and a head start in developing regional ties.

#### Leadership Development

BIS is specifically setup to develop more individuals who put others before self as they serve humanity.

#### Advanced Pedagogies

BIS aspires to be a 21st century school that optimizes technologically advanced pedagogies in the classrooms.

#### Education Best Practices

Best practices from Al-Irsyad Singapore and other renown educational institutions form the building block of BIS.
